WORK EXPERIENCE

UberHyderabad, India

Risk and Compliance Specialist III May 2025 – May 2026

- Designed and implemented quality management frameworks that reduced minor process errors by 40% and improved cross-team alignment with project goals by 20%.
- Partnered cross-functionally with engineering, policy, and operations teams to triage and resolve high-impact compliance issues within SLA, restoring platform stability and customer trust.
- Re-engineered escalation templates and SOP processes, standardizing workflows and improving consistency across global teams.
- Led training workshops, rollout plans, and hands-on coaching that accelerated new-hire ramp-up by 30% and ensured on-time policy implementation.

Risk and Compliance Specialist II Aug 2023 – May 2025

- Managed a global JIRA appeals queue of 5,000+ cases, partnering with policy and engineering teams to streamline workflows and balance safety with a positive earner experience.
- Led SOP-optimization initiatives, analyzing appeals data to identify process bottlenecks, reducing false positives and accelerating case resolution.
- Managed project deliverables and status reporting for service-delivery initiatives, maintaining clear communication with cross-functional stakeholders.

SQRC Specialist I Aug 2022 – Aug 2023

- Investigated 2,000+ fraud cases across US & Canada markets, distilling patterns into actionable insights that informed global fraud-prevention strategy.
- Collaborated with BPO and regional operations teams to resolve handling discrepancies, improving case-closure efficiency and customer satisfaction.
- Mentored and onboarded junior investigators, creating standardized guides and floor-walking sessions that reinforced best practices and boosted team accuracy.
